PROFESSIONAL PROFILE

About Me

I am a **full-stack developer and founder of Nestina Cloud** — a digital studio specializing in websites, web applications, online CBT (Computer-Based Testing) systems, and custom software. I believe the best technology solves real problems — not just looking good, but genuinely helping institutions work smarter and faster.

Specializations: EdTech (CBT), institutional management systems, SEO-optimized websites, and enterprise-scale web applications — with a proven track record of 25+ active clients across 6 industry sectors.

CORE SKILLS

- Full-Stack Development
- Web Application
- CBT / EdTech
- UI/UX Design
- SEO Optimization
- System Architecture
- PHP / Laravel
- JavaScript / React
- MySQL / PostgreSQL
- DevOps & Hosting
- API Integration
- Project Management

SERVICES

What I Deliver

☐ **Website Development**

Corporate sites, schools, SMEs, tourism — responsive, fast, local & global SEO.

➤ **Web Applications**

Admin dashboards, internal portals, tracking systems, payment & WhatsApp integration.

☐ **Online CBT System**

End-to-end exam platform — used by dozens of schools, SaaS-ready architecture.

☐ **Custom Software**

Tailored systems for NGOs, healthcare, government — from analysis to maintenance.
